

Quad Close Trap Seal Device

- Tested to the requirements of ASSE 1072.
- Reduces the frequency needed for the periodic admission of water into the floor drain's trap to maintain a seal.
- Easily removed for inspection and cleaning.
- Designed to fit inside 2", 3" and 4" PVC and cast iron pipe.
- Will close completely with a minimal amount of back pressure.
- Suitable in the retrofitting of existing drains.
- Thicker and more durable than other trap seals and less vulnerable to UV, chemicals and tears.
