**NOTE:** Dimensions shown in Parentheses are in millimeters.

**REGULARLY FURNISHED:**

All Bronze Warm Climate Hydrant with Chrome Plated Face, Hose Connection and Integral ASSE 1011 Vacuum Breaker, 360° Swivel Inlet Connection and "T" Handle Key.

A small amount of water seepage may occur from the vacuum breaker and operating screw upon initial opening and closing of the hydrant. This is normal operation.

**NOTES:**

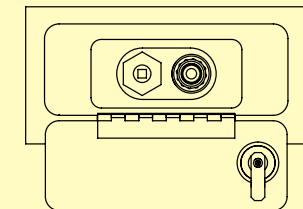

1. Recommended wall opening: 2 (51) x 3 3/4 (95).
2. All Jay R. Smith Hydrants are manufactured with "NO LEAD" brazing rings and USDA approved lubricants.

The 5618 does not meet the threshold for the Buy American Act(s).

# Narrow Wall, Mild Climate Hydrant

## Box Type with Concealed Hose Connection Figure Number 5518

**FUNCTION:** For installation in interior or exterior wall of building where a concealed hose connection is desired and there is no danger of freezing. Hydrant features an integral type vacuum breaker. The locking cover prevents unauthorized use.
