

Jay R. Smith Mfg. Co.[®] a better way

“If you’re not using the Labor Saver™ Fixture Support, you’re just throwing money away!”

Charlie Vrabel, Vrabel Plumbing
Pittsburgh, PA

Benefits and Advantages

- Labor savings - dramatically reduces cost associated with assembly, installation and material handling.
- Compact and rigid one piece steel frame.
- Pre-assembled - few components to be lost.
- Reduced installation space - fits narrow wall and metal stud configurations.
- Symmetric construction - easy to install.
- Easier to adjust - needs front adjustment only after the wall is in place.
- Horizontal and vertical adjustability to fit varying installation conditions.
- Meets or exceeds applicable requirements of ASME A112.6.1 M 1997
- IAPMO Listed
- Conforms to ASTM specifications

**The new, oxbow
cross support
design allows room
for the waste piping**
